TREATING SYMPTOMS ONLY

With a great flourish and blare of trumpets Attorney General Palmer apprehends numerous anarchistic agitators and holds them for deportation only to have them turned loose by another member of President Wilson's Cabinet. On the front pages of newspapers he proclaims his intention to proceed against profiteers but no one is placed behind prison bars. He denounced the coal strikers as criminals and then compromised with them. Equally effective will be his bombastic announcement of intentions in dealing with leaders of the railroad strike.

But all this display of activity against agitators will not serve to detract public attention from the causes of the unrest which exists. In every section and among all classes there is widespread knowledge of the official extravagance if not actual graft in the national administration. A hundred thousand extra employees have been working for the government during the war time emergency and since, and these people upon their return home, or in their correspondence with their home people, have related their own personal observation of the profligacy, lack of arganization and disregard of public welfare which characterize almost every branch of public service at the national capital.

Four million men, drawn from every city, village and countryside were in the army in the United States or overseas. Those men have gone back to their homes and have told among their old associates the stories of their personal observation of the management of the war. They have told of seeing motorcycles that cost $200 to $250 each dumped into a swamp to make a foundation for a highway. They have told of mud holes filled with automobile carburetters. They have told of inefficient supervision which permitted the wrecking of new motor trucks purchased at high prices when there was a great scarcity and the destruction of which meant the impairment of the military service. Men who have returned from training camps have told of the enormous wages paid to laborers engaged in construction work and of methods which encouraged shirking on the job. They have told of post holes that cost morethan $10 each to dig.

This information conveyed by word of mouth to people all over the country by men who asserted personal knowledge of the facts has created a widespread dissatisfaction which ought, in justice, be aimed only at the Wilson administration, but which, unfortunately strikes at the government itself. The ordinary citizen is unable to distinguish between the government and the executive administration. Feeling that all this waste and extravagance could not exist without a large measure of graft and knowing that there have been no prosecutions or convictions of those responsible, people who are struggling under the overwhelming cost of living feel resentment without being able to find an oportunity to vent their anger against the individuals primarily at fault. In such a situation large numbers of people are in a frame of mind to defy authority wherever it exists and to distrust either the efficiency or the honesty of men in authority.

Of the extravagance and waste, if not actual graft, there can be no doubt. Instead of proceeding against the men who are responsible for the present exorbitant taxation and largely for the high cost of living, Mr. Palmer limits his energies to arresting alien anarchists whom we have always had with us but who were never a dangerous element until conditions brought about by the Wilson administration furnished a fertile field for the sowing of seeds of unrest. Mr. Palmer is a physician treating symptoms and ignoring the disease.

TWO KINDS OF DEBT

Indebtedness has ruined many men and made many. To go in debt for transient pleasures to gratify vanity, or for things one cannot afford, is the height of folly. But the man who saves a few hundred dollars and uses them as a margin on the purchase of a home or a little farm, or a small business, is likely to profit by his indebtedness in the long run. Many a comfortable home has been paid for in 10 or 12 years with money that would have otherwise have gone to pay rent. The right kind of indebtedness stimulates effort, promotes economy, and not infrequently when the debt hangs over the home of a young family, is exactly the right training in self-denial and saving. In safeguarding the home or the farm many a family has established the habits of thrift that have insured financial success in later years.

GOING UP.

There appears to be no limit to the price to which sugar may rise, one of the latest quotations being 30 cents a pound, a rate at which this commodity was quoted the latter part of last week. The American public is paying for the blunders of some one, because if affairs had been properly administered it would have been possible to have purchased sugar at less than half the price noted above. The southern planters are profiting hugely from these boosting prices, which threaten to go higher before they start on a downward trend.

DANGEROUS SUGGESTION

A dangerous sugestion has been made in the "overall" campaign to reduce the price of clothing in the United States. Some one has proposed that the overalls be slightly altered so as to impart a bit of elegence to them. Let all hands beware and desit, lest the tailor turn a perfectly suitable pair of denim overalls worth from 80 cents to $3 into a "creation" for which he may charge $50 or maybap $60.

With the present confusion in time, we are something like the good old soul who said that when her clock struck fourteen and the hands pointed to twenty minutes past three she knew it was just a qaurter to eleven o'clock.

The wear-overall movement will not decrease the price of other clothing, but it will boost theprice of overalls, so it cannot besaid that it has lived entirely in vain.

April has presented many varieties of weather, and practically all of them have been unsatisfactory. The coming month, let us hope, will bring something better.

Siamese Superstition.

At the birth of a child in Siam, a cord that has been blessed by the priests is tied around the outside of the house, and three balls of rice are thrown in "lucky directions" by three old women, who are always present at such a time and whose business it is to solicit for the little one the patronage and protection of sundry guardian angels.

First Motion Picture.

"Miss Jerry," the first motion picture was produced in October, 1894. Alexander Black was the author, scenario writer, director, camera man and title writer of the picture. At that time only five stereoptican slides a second could be shown, but 16 pictures are now flashed on the screen per second.

Singular Illness.

"Sid—One of our operators is quite hoarse. 'The doctor tells me,' she confided, 'that my larynx are affected—whatever they are.' We told her this was a singular affection, but unless given prompt attention might become pleural."—Correspondent of the Chicago Tribune.

Caught in His Own Trap.

The magazine writer who propounded a series of questions headed "What do you know?" answered one of them by saying that "She Stoops to Conquer" was written by Sheridan. What do you know—about that?—Boston Transcript.

Foibles of Dickens.

Charles Dickens invariably wrote in blue ink on blue paper, as he held the impression that the color of ink and paper greatly facilitated the flow of his ideas. Another idiosyncrasy of his was the writing of day and month in full, as, January twenty-sixth."

Consolation.

It's a mighty good thing that you ain't great enough to set the river on fire, for in that case what in the world would the fishermen do for a place to loaf the time away?—Atlanta Constitution.

Why They Get Nowhere.

Plenty of people would be glad to start a good movement if it could be done by stepping on a starter, but they just simply won't get out and crank.

Bird Grammar.

From an examination paper—Eke (Interjection) cry given by a young penguin on being frightened.—Boston Transcript.

CHURCH MEMBERSHIP ACCEPTS CHALLENGE TO GREAT REVIVAL

Sixteen Million Dollar Fund Will be Raised, Say United Presbyterian Leaders After Personal Tours of America

Leaders in the United Presbyterian church, returning from hurried speaking tours to all parts of America, report at national headquarters of the New World Movement in Pittsburgh, Pa., that there is little doubt that the denomination will achieve an overwhelming success in its campaign from April 25 to May 2 for $16,715,208 to widen the field of church work at home and abroad.

DR. GEORGE E. RAITT

During March and April more than a dozen of the most widely known men in the church visited every part of the country where United Presbyterianism is represented. Enthusiasm for the campaign, which is one of the 30 denominational drives comprised in the Interchurch World Movement united campaign, is steadily increasing say all the leaders.

Rev. George E. Raitt, D. D., general secretary of the New World Movement, crossed the country, speaking at Omaha and Pawnee, Nebraska; Loveland, Greeley, Denver and Pueblo, Colorado, and in Los Angeles and Long Beach, California.

"In one congregation I found that 25 men had pledged themselves to give $1,000 each to the movement," said Dr. Raitt. "I found the congregations everywhere accepting their allotments and determined to raise their share of the fund. It is the greatest forward movement in the history of our church."

Rev. J. Knox Montgomery, D. D., president of Muskingum College, brought a similar report after a three weeks' trip through Washington, Oregon and Idaho. "Generally speaking, I found the situation quite beyond what I had expected," he said.

Rev. T. D. Edgar, D. D., of Pittsburgh, Pa., just home from an 8,000 mile trip through the west, said particular enthusiasm was being shown by congregations in Texas and California. "Success will be made certain by an active and thorough canvass at the finish," he declared.

A remarkable feature of the movement is the announcement from the foreign mission fields that the synods of the Punjab in India and of the Nile in Egypt also will put on New World Movement campaigns. Leaders in these synods are calling for a delegation of workers from the home church to assist them in their campaign which will be conducted about the middle of September.

RURAL CONGREGATION LEADS AMERICA IN RATIO OF TITHERS

Campaigns by dozens of Protestant denominations throughout America to revitalize the Biblical practice of tithing has brought into national prominence a little church in Burgettstown, Pa. It is probable, say churchmen, that no other congregation in America has been able to show such a percentage of tithing stewards, pledged to give one-tenth of their income to Christian service.

The church is the First United Presbyterian congregation which has enrolled 130 tithers out of a total membership of 178. This enrollment is official, pledge cards of the 130 tithers having been sent to headquarters of the New World Movement of the denomination at Pittsburgh, Pa. An unofficial report is that this proportion of 73 per cent of the membership enrolled as tithers has been increased to 80 per cent.

Remarkable enrollments are resulting from the New World Movement campaign for enrollment of tithers and official reports already show enrollment of 12,772 members of the United Presbyterian church.

"The outlook for enrollment of 50,000 tithers in the church is exceedingly hopeful," says Rev. J. H. White, D. D., secretary of the department of stewardship, of the movement. "Many congregations have not reported, some have submitted only partial reports and if the present rate of enlistment carries through the entire church we will have more than 50,000 enrolled

INDIVIDUALITY

In buying for our ready to wear department we exercise the same care and caution that the average customer does in selecting a suit, coat, dress, skirt or whatever it may be to best suit our trade. We buy garments singly, for their individuality, quality, style and appearance and not in "bunches"; making every garment we have one of its kind and not a representative of a "Bundle of Clothes".

FAU DRY GOODS CO.

INTERCHURCH DRIVE WILL HALT DECLINE OF RURAL CHURCHES

Survey Reveals Startling Losses in Pennsylvania's Rural Congregations. Fund Will be Used to Strengthen Weak Churches

Startling examples of the decline of churches in the rural districts in Pennsylvania are brought out in a report submitted by Irvin E. Deer, state supervisor of the rural survey in Pennsylvania for the Interchurch World Movement. While the survey is not completed it has gone so far that preliminary reports are being compiled by Mr. Deer. Forty per cent of the rural churches, he finds, have 25 members or less. In county after county this ratio was found to hold true.

Preliminary reports on the survey were forwarded by Supervisor Deer to Hermon Eldredge of Pittsburgh, state finance campaign director for Pennsylvania, for his guidance in organizing the 67 counties of Pennsylvania for the Interchurch World Movement financial campaign from April 25 to May 2.

"Forty-eight per cent of the churches in one county in the state report in their budget for the last fiscal year not one penny contributed to either home or foreign mission support," said Mr. Deer. "Doubtless similar conditions will be found in many other counties.

In one county 78 per cent of the Sunday schools reported that the minister did not attend the sessions of the school. This was due to the circuit system. Twelve per cent of the ministers have one appointment; twenty-five per cent have two appointments, eighteen per cent have three appointments and the balance have four or five appointments.

In another county the survey revealed that 9:66 per cent of the churches decreased in membership; 74:24 per cent remained stationary and only 16.1 per cent increased in membership.

The Interchurch financial campaign will bring forth a remedy for many of these conditions, declares Mr. Eldredge, in other ways than by providing money for the support of the weaker churches. It will unite the churches of the various denominations, accustom them to working together and eliminate much of the overlapping.

IGNORANCE ISLAM'S ALLY

That Christian education can best provide the leadership which will regenerate North America is the finding of the Interchurch survey. Ignorance has always been and is Islam's strongest ally. Not more than five persons in every hundred of North Africa's population can read or write.

Persia presents an encouraging example of comity in mission effort.

The native Korean staff of the Interchurch World Movement calls for 1,139 Korean evangelists and 1,139 school teachers.

Hydrogen and Oxygen Gases.

Oxygen and hydrogen are very different gases; the former helps other substances to burn, but is not itself inflammable, while the latter is inflammable, but does not support the combustion of other materials. For this reason hydrogen gas will not set fire to the oil as oxygen would do, but as it is an inflammable gas it is very dangerous to handle and care should be exercised.

Anything Is Possible.

While one man says of a thing: "It is impossible!" and contents himself with saying so, another one passes him and does it. This has been the history of the world's progress ever since time began. We cannot say of anything that it is impossible in this marvelous world of invention and endeavor. We can only say: "It has never yet been done."

BUDGET FOR $336,777,572 INTERCHURCH MOVEMENT FUND

The seven items into which the $336,777,572 fund of the Interchurch World Movement campaign of 30 denominations have been divided are as follows:

Foreign Missions	$107,661,488
Home Missions	109,949,037
American Education	78,837,431
American Religious Education	5,931,925
American Hospitals and Homes	5,116,465
American Ministerial Pension and Relief	20,510,299
Miscellaneous	3,770,927

The fund will be raised from April 25 to May 2. The amount is the sum total of all the accepted budgets of the participating denominations. Each denomination has set its own goal. Of the fund $175,448,349 is to be paid in 1920. The balance will be paid in two to five years. The money will be used by 182 boards and organizations officially related to the 30 denominations to prosecute their regular work of missions, education and philanthropy both in America and foreign lands.

INTERCHURCH MOVEMENT COMES TO AID OF HOSPITALS

One person in every four hundred needs a bed in a hospital, is the rather startling announcement made by the Interchurch World Movement in connection with its campaign, now in progress, in which thirty denominations are setting out to collect $336,777,572 to be devoted to missionary, educational and benevolent objects throughout the world.

The Interchurch World Movement finds, as a result of a careful survey of the situation in regard to hospitals and homes, that the Protestant churches are very far from having made adequate provision for the sick. On the basis of one hospital bed being required for every 400 of population, the Interchurch figures show that only 43 per cent of the Protestant church membership is provided for. The provision made by Catholic hospitals is a good deal better, for not only are these institutions adequate to care for 100 per cent of their own membership, but they can also look after 6.1 per cent of the rest of the population of the United States.

NO EDUCATIONAL FOUNDATION

Practically all the education for Central African natives in the hands of the missionaries, according to the surveys of the Interchurch World Movement. In some cases governments subsidize these schools. The generally sparse population of Africa means, that greater distances must be covered by the missionary in reaching a given number of people than in other countries.

The proportion of Protestant Christians in Japan is about one in every 500, while one in 250 belongs to some Christian community.

The American Board is rapidly reorganizing Turkish missions and has at present 125 missionaires on the field in thirteen of its eighteen permanent stations.

Soul Vision.

There's no monopoly of soul vision. It's not particular about the residence of its beneficiary. It finds the simple Maid of Orleans and makes her a great factor in history. It takes the youth, Luther, and makes him the reformer of religion. It has taken men from the plow, the garret, the scullery and raised them to eminence. It has also used the son of the mansion. It knows men as fit expressions of its purpose and not as individuals. It is limited only by the power of the soul to match itself with the great need.—Exchange.

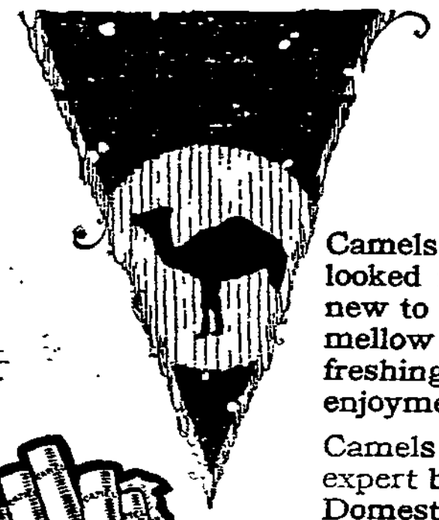
Charleroi's Busy Store

PLENTY OF TIME TO VIEW MENAGERIE

With the John Robison circus, billed to appear in Charleroi on Saturday May 8th, itis promised that upwards of eighty cages and dens containing wild animals and many floats and tableaux wagons will appear, while five bands will dispense circus harmony. On the day of the circus the big show will be opened at 1:00 and 7:00 p. m., which will allow one hour for the inspection of the menagerie. Preceding the performance by thirty minutes a grand musical concert will be given by the combined circus bands of sixty soloists.

Special on Vienna flour, $7.50 for 100 lb sack. All groceries and meat reduced. Peoples Cash Meat Market 521 McKean avenue. 275-t3



An out-and-out c-h-a-l-l-e-n-g-e!

Compare Camels with any cigarette at any price!

Camels bring to you every joy you ever looked for in a cigarette! They are so new to your taste, so delightful in their mellow mildness and flavor, and so refreshing, you will marvel that so much enjoyment could be put into a cigarette!

Camels quality is as unusual as Camels expert blend of choice Turkish and choice Domestic tobaccos *which you will prefer to either kind smoked straight!*

And, no matter how liberally you smoke, Camels never tire your taste! Your delight will also be keen when you realize Camels leave no unpleasant cigaretty aftertaste nor unpleasant cigaretty odor!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

Camel CIGARETTES

MACBETH-EVANS WILL CHANGE

Continued from Page 1

Washington. Pa., has not yet adopted the new schedule, although many of the business places of the town have done so. The Pennsylvania railroad follows the new time, while the B. & O. follows the old schedule. Likewise the P. & L. E. runs its trains on the old schedule which makes conditions somewhat confusing in the valley.

There may be some improvement before the week is over, but it is doubtful if all of the industries will change their schedules to conform to the new time.

CONCERTED PROTEST AGAINST PHONE RATES

Vigorous and concerted protest against the proposed increase in rates by the Bell Telephone company will be carried to the public service commission at Harrisburg when hearings are held. This was made certain by action at a joint meeting in thepublic meeting room of the court house at Washington on Thursday. Those present represented twelve communities and organizations have gone on record as being opposed to the increases planned by the corporation.

Mrs. Mary Frances Lewis

Mrs. Mary Frances Lewis died at her home. 302 Oakland avenue, Monday e vening, April 26, at 8:30 o'clock. Funeral Wednesday morning at 10 o'clock standard time. interment in Charleroi cemetery.

The Christian Endeavor Society of the First Presbyterian church of Donora will extend an invitation to the Washington County Christian Endeavor Union to hold its annual convention in that town in June.

Every American citizen should hear Rev. Boblitt tell of his experiences with the Bolshevists in North Russia. Christian church, Tuesday evening, April 27, 275-t2

Bubble in a Sapphire.

There is exhibited in the British museum a sapphire weighing nine carats and containing a bubble that appears and disappears with changes of temperature. It is believed that a cavity in the gem encloses a quantity of carbonic acid gas under great pressure. When the temperature is such as to correspond with the "critical point" for the gas, under the particular pressure to which it is subjected in its brilliant prison house, it liquefies and becomes visible as a bubble.

Held Whiskers Sacred.

If the beard has any standing in the world today, it is undoubtedly because of the Jews, who held their whiskers to be sacred, and swore by them. Later, the Turks did the same. The sultan's followers used to comb their whiskers after prayers, catch the hairs that came out, break them in two and bury them, on the theory that in some mysterious way the hairs helped to make soft walking to the gates of paradise. This the Turks firmly believed.

Wanted a Demonstration.

Louise had the habit of running to her mother for a hug and a kiss at frequent intervals during the day. One day she stood before her mother, who was busy knitting, for some moments without getting any attention. Finally Louise said: "Do you love me, mamma?" "Yes, dear," from mother. Louise waited a moment longer without receiving the accustomed caress, then burst out with, "Well, why don't you love me by hand?"

Quinine.

Quinine is used in great quantities in the United States and an enormous sum is annually paid for the imported drug, most of which comes from South America, its source being the cinchona tree, which is found over an area of great diversity of soil and climate, the principal cinchona belt being a strip 100 miles wide and 2,000 miles long. Many trees are found growing at altitudes of 2,500 to 9,000 feet above sea level.

Decline of the Apron.

The apron is worn today by the woman who is not ashamed to work, but in earlier centuries it was an article of clothing assumed by aristocracy and even royalty. The word has undergone a curious decapitation; it was originally "a napron," but the "n" became affixed to the wrong letter. The opposite process occurred in "an ekename," which was eventually transformed into "a nickname."

Serbia is the country of centenarians. One man in every 2,600 reaches 100 years. Ireland ranks next, with one in every 8,130. Out of every 43,000 Spaniards one is a centenarian. In England, Scotland and Wales one in 177,000; in France one in 180,750 and Switzerland, with all its reputed healthfulness, seems not to possess one.

With Reservations.

Jeanette always expects something when her father comes home. One day just as he entered she said: "What have you got today, daddy?" He gave her a package of gum and said: "That is for you and brother." She gratefully nodded her head and said: "Oh, thank you. I'll divide with brother, but I'll be the guard keeper."

North Charleroi

Mr. and Mrs. Frank Phillips entertained a number of small tots, in honor of their children Ruby and Ruth, who celebrated their third birthday anniversary. The rooms were beautifully decorated in pink and white and the lunch was carried out in the same colors. They were the recipients of some pretty and useful presents.

Samuel Gaskill has returned from a month's vacation s pent in Kansas City, Kansas. While there Mr. Gaskill attended a convention of the Latter Day Saints.

Miss Elizabeth Martland of Latrobe is the guest of Miss Celine Hagherty.

Mr. and Mrs. Fred Frese and children spent a day with Mr. Frese's parents of Donora.

Mrs. John Pineyard and her sister Mrs. Reeves, who is visiting here, were callers in Monongahela on Thursday.

Mr. and Mrs. Paul Steele were visitors in Monongahela Thursday evening.

Mr. and Mrs. Frank Duffield of Pittsburg were recent guests of the latter's parents Mr. and Mrs. C. A. Metz.

Charles Kramer of the University of Pittsburg spent a few days here with his mother Mrs. P. E. Kramer.

Mr. and Mrs. Charles Phillips and son Olen visited relatives here recently.

Edward Nelson of Detroit, enroute to California visited his sister Mrs. William Mobley.

CAN BE TRIED IN TWO COUNTIES FOR SAME ACT

Contention of James P. Evans, defendant, that the determination of a desertion and non-support case in the Greene county courts is a bar to theprosecution brought against him in this county, is not sustained in an opinion handed down on Monday in the Washington county court. He is directed to appear in court for sentence on Monday, May 3, at 10 o'clock. On October 6, 1919, in Greene county on a desertion and non-support c harge, Evans was discharged but the costs were placed on him. Subsequently on November 8. 1919, he then being employed and boarding at Millsboro, this county. he was again charged by his wife with desertion and non-support. To that proceeding Evans claims the Greene county disposition of the case was a bar to the prosecution in this county.

Ice Cream and Cake Social, auspices of Iris Rebekah Lodge No. 299. Wednesday evening. April 28, 1920, I. O. O. F Hall, corner Fifth street and Fallowfield avenue Charleroi. Pa. Good time for all. Sandwiches and coffee. 276-t2

Hear Rev. Boblitt former pastor of Christian church in his great lecture, "Northern Lights," Tuesday evening, April 27. 275-t2

AT LAST—A POSITIVE RELIEF FOR RHEUMATISM

Money Back If It Fails

No medicine on earth will relieve rheumatism, lumbago, sciatica and eczema. You know that from experience. There is only one cure relief in the world—and that is the Hot Sulphur Strong Baths. But how many can afford to go to the great expense and a trip to these curative resorts, anyway?

Do you know that you can now have the same benefit of Hot Sulphur Baths in your own bathtub and get the same quick relief, as you would get at the best Hot Sulphur Springs in the world?

Certain Kill-Rheum U. S. A. 514 S. Woodman Court, Washington, D. C. sent me a prescription. I had a severe attack of rheumatism which made walking very painful for me. I read your ad and sent for and bought a case of SULFOID treatments. Before I used half of the prescription I felt relief and for the first time in 15 years I was able to be free of pain. SULFOID did the work.

SULFOID is not a secret medicine. It is merely the right combination of the right ingredients for the right purpose. It is only the same chemicals found in Hot Sulphur Springs baths. It is used the same way—in a bath. It is absolutely harmless. It is more used to relieve Rheumatism, Neuritis, Lumbago, Eczema and Skin troubles or it may refunded. At druggists or sent postpaid. SULFOID.

Piper's Pharmacy, Charleroi

WE BELIEVE YOU WILL

PREFER SIMCO SALVE

To Any You Have Ever Used.

Why should anyone suffer long with la grippe, Spanish influenza, croup, cold on the lungs or in the head, now that it is known that this suffering can be relieved in a short time by the use of antiseptic applications and inhaling the fumes of a remedy sold by F. J. John and called SIM-CO SALVE.

SIM-CO SALVE when applied over the lungs immediately penetrates through the skin and at the same time gives off antiseptic germ-killing vapors which are inhaled by the patient, who at once experiences refreshing relief. F. J. John is authorized to return the purchase price if SIM-CO SALVE does not do all of the above and more.

Just apply SIM-CO SALVE in the SIM-CO way at night—enjoy a good night's sleep and feel bright, refreshed and happy in the morning. When you use this improved preparation and experience how wonderfully and quickly you have overcome these ailments you will understand why SIM-CO SALVE has so quickly become a most popular remedy. Get a jar today at F. J. John's and be ready when the attack comes.

SIM-CO SALVE is a mighty effective ointment for burns, bruises, wounds, cuts, itching piles, eczema and chaffing, because it is so powerfully healing and antiseptic and it is so pliable that it constitutes a modern rubbing liniment for all liniment needs. Price 30c, 60c and $1.00 per jar. If your druggist does not keep it send to The Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkinsburg Station, Pittsburg, Pa.

Notice To Printers

Sealed proposals will be received by the County Controller, at Washington, Pennsylvania, until 11:00 o'clock a. m., Thursday April 29, 1920 and opened immediately thereafter for the printing and furnishing complete 47085 official and 18140 Speciment Ballots, according to specifications on file in the office of the County Commissioners, for the Primary election to be held Tuesday, May 18, 1920. Delivery to be made May 15, 1920.

A certified check in the sum of 10 per cent of the bid must accompany each proposal and the successful bidder must enter into a bond in double the amount of his bid for the proper performance of his contract.

The right is reserved to reject any or all bids.

PUBLIC SCHOOLS TO HOLD AN EXHIBITION THIS COMING WEEK

Reviving Custom in Vogue Before the Period of World War

ALL SCHOOLS WILL TAKE PART

The custom of holding a school exhibit at some time during the school year, which was abandoned during the war period because of other activities on the part of the pupils and teachers, has again been revived by the Charleroi public schools. For the first time in three years exhibits will be held at the various buildings, beginning on Thursday afternoon next, and continuing until all the schools of the borough have given parents and patrons an opportunity to see just what the pupils have been doing during the present term.

A schedule of exhibits has been arranged, beginning with Thursday afternoon, May 6th, at which time the Second street and Ninth street schools will hold exhibits. The hours announced are from 1 p. m. to 4 p. m., and from 7 p. m. to 9 p. m. During these hours the school building will be open to the public, and Superintendent Pollock, as well as the members of the faculty and the pupils, hope that all of those who can so arrange their affairs will make it a point to attend.

On Friday, May 7th, the Fifth street and Crest avenue schools will hold similar exhibits, and at the same hours designated by the other schools. In addition to the exhibits of these two schools the Junior High will hold a musical and reception in the auditorium of the high school, beginning at 8 o'clock, p. m. of the same date. After the program in the auditorium pupils and guests will adjourn to the gymnasium, where a Maypole dance will be held, and this feature is expected to be very interesting.

The series of exhibits will be brought to a close by members of the high school on Friday, May 14, with afternoon and evening sessions, from 1 to 4 in the afternoon and from 7 to 9 in the evening. Invitations will be sent out within a few days to all parents and patrons and it is hoped to have a large attendance at each of the schools on the dates designated a bove.

OBJECTS TO ACTION OF BENTLEYVILLE BOROUGH

Roy J. Waychoff, of Waynesburg owner of a number of lots in and about Bentleyville has filed an amended affidavit of defense to the suit of theboro of Bentleyville in which itseeks to collect on certain liens filed against Mr. Waychoff's properties. Mr. Waychoff questions the legality of the notice of the proposed assessment and the ordinance providing for the improvement. He also avers that the assessment against his property which fronts on the Johnson road is excessive and unwarranted by law.

ALL RIGHT LARRY, KEEP YOUR HUCKSTERS HOME

Says the Donora Herald: "An analysis of most of the robberies committed in the valley would indicate that if Monessen and Charleroi kept their bad men at home the police would have little left to do." All right, Larry, but keep your short weight hucksters, who have movable bottoms in the peck measures, as well as your tubercular-meat dealers at home and we will try and look after our own criminals.

ACCOMPLICE HAS BEEN PUT IN JAIL

John Temple, charged with being an accomplice of Dezee and others, who are charged with conspiring to break from the Washington county jail, is now locked up in a cell in the county bastile. He was brought back from Youngstown, Ohio, by County Detective Laird. Temple at first refused to come without requisition papers, but later changed his mind and decided to accompany the officer back to Pennsylvania.

Temple denies the accusation that upon a visit to Dezee in the Washington county jail he turned over the saws which were later used by the conspirators in attempting to break from the county jail. However, the district attorney's office believes and appears to have evidence that Temple is a "pal" of Dezee. Temple is also said to have been implicated in auto thefts with Dezee. He was employed as a machinist in Youngstown, and was suspected as soon as the facts of the conspiracy were learned. The detectives secured enough evidence to warrant his arrest.

BRINGS SUIT FOR HEAVY DAMAGES

Enoch Novicky, of Bentleyville, has filed a suit for 2.000 damages against the Union Coal & Coke company. His c laim is based on damages alleged to have been done his property at Bentleyville by reason of a change in thecourse of Pigeon creek, on which a part of his lot fronts. He a vers thecoal company, by depositing gob and other waste material on the bank of this creek, has so changed its course and dammed the water that his lot is flooded. He avers at times that water from the creek covers his lot and that as result thedrinking water in a well or cistern has been polluted and his property otherwise damaged.

Veterans of Foreign Wars.

A reception will be given by Pvt. George Raymond Craft Post 256 on Wednesday evening April 28, 1920 at 7:30 p. m., for the mothers, sisters, wives daughters and widows of the veterans at 323 Fallowfield avenue Charleroi. The Ladies Auxiliary will consider all new proposals for membership. 276-t2p

Sowinski, Monessen Burglar, Sent To The Penitentiary

Walter Sowinski, of Monessen, whose career of crime was ended at least for a time, when he was shot through the hand by the Chief of Police at Monongahela two weeks ago, this wound leading to his arrest a few hours later, entered a plea of guilty Monday afternoon before Judge James I. Brownson to five charges of felonious breaking and entry. In those cases where a larceny charge has also involved he was given from two to five years in the penitentiary, with a fine of $10 and c osts. In the other cases, where just felonious breaking and entry were involved he was given from one to five y ears in the penitentiary. The sentence in each case runs concurrently.

Sowinski at the present time is out under 2.000 bond for his appearance at the Westmoreland county court, on a charge of the theft of an automobile. He was arrested in Chambersburg with the car in his possession. Prior to the present trouble he served two terms at Morganza.

The five burglaries committed in this county were within a period of two nights. In Charleroi he entered the office of R. C. Mountser, and the stores of J. E. Masters, Elmer Doerzbacher and Elmer J. Kiefer. At Master's store he got $13 in cash and at Kiefer's $44.85 and a pocketbook; at Doerzbacher's he got $7 in cash. In Monongahela, where he was discovered while entering a store he did not get anything. The defendant made a full confession of all the crimes.

MUST FACE COURT ON SERIOUS CHARGE

The prisoners who were implicated in the attempted jail delivery at Washington last week, Robert Tryee Williard Smith and John Popo, were taken b efore Justice Carmichael in Washington on Monday by Sheriff Alex B. Gray, to answer to a charge of jail breaking and attempted jail b reaking. Smith demanded a hearing at once and was held for the May term of court. Tryee and Popo waived h earings and were remanded to jail to await the May t erm of criminal court. The charge as preferred by the Sheriff is a serious one, and the men who are implicated are not likely to meet with any leniency in their further career as "guests" of the county. George Dezee and John Trimpe were arraigned before Justice Ralston and were held for court.

MANY CASES OF MUMPS ARE REPORTED

Health Officer Darby this morning said t hat thirty cases of mumps had been reported to thelocal board of health, as well as four cases of diphtheria. Some cases of swollen glands are also reported, and parents are urged at this time to bevery careful of the health of their children, and not allow them to be unnecessarily exposed to any of these diseases. The mumps appear to be epidemic in a mild form, and the local health department is doing everything possible to curb the spread of the disease. In this campaign parents can materially h elp by keeping their children warmly clother and away from contact from any of those afflicted.

The price of bottled soda water, commonly called pop, will raise to 7c a bottle retail. The bottlers of Brownsville, California, Charleroi, Monessen, Washington and Donora had a meeting and made a uniform price so it will give the retailer a good profit at 7c a bottle. Pop isselling at 10c a bottle in the surrounding community. Prices will go into effect at once. 275-t2*

STREET RY. STRIKE IS A POSSIBILITY

Charleroi, as well as other points in the Monongahela valley served by the Pittsburg Railways company, faces the possibility of a street railway strike before the end of the week. Representatives of the employes stated that a strike vote would be taken tonight unless an agreement is reached with the receivers of the Pittsburg Railways company before that time. Receivers stated they were flatly opposed to granting any increase to the men because it would mean an increase in the fare now charged. The employes of the company have demanded an eight-hour day and a maximum wage of 91 cents an hour.

MARIANNA HAS A SHOOTING AFFRAY

John Bamer, a German, is in the county jail, while Joseph VanBerger and Mrs. Catherine Raisenberger are in the Memorial hospital at Monongahela, as the result of a shooting affray which took place at Marianna about 1:30 o'clock Monday morning. The eternal triangle, as well as a quantity of booze seems to have been the impelling cause of the disturance, in which Bomer appears to be the agressor. VanBerger was beaten over the head with the butt of a Winchester rifle in the hands of Bomer, while Mrs. Raisenberger was shot twice through the right hip by the bullets which Bomer sent crashing through the window.

While the affray was at its height word was sent to District Attorney Cummins, who at once dispatched County Detectives Laird and Weiner to thescene of the affray who arrested Bomer and took him to Washington, while the other two were sent to the hospital. Bomer had only arrived at Marianna a short time ago: during the war he had been interned in Canada.

Special on Vienna flour $7.50 for 100 lb sack. All groceries and meat reduced. Peoples Cash Meat Market, 521 McKean avenue. 275t3

MACBETH-EVANS WILL CHANGE WORKING TIME IN THE MORNING

CAMPAIGN AGAINST SOCIAL DIEASES

A campaign for the eradication of social diseases has been inaugurated in the state police force under a plan outlined by Major Lynn G. Adams, superintendent, and made public on Thursday. By co-operation with the state department of health medical officers will accompany state policemen when making raids on places of questionable character, and examinations will be conducted when arrests are made.

HEAVY FINES FOR GINGER SELLERS

Those d ealers who persist in selling Jamaica ginger in Washington county face a serious proposition if they are apprehended and brought before thecourts. Several cases of this c haracter were disposed of by Judge Brownson on Monday. Two Connonsburg dealers were before court on the charge of selling Jamaica ginger as a beverage and entered pleas of guilty. The court imposed sentences calling for fine of $500 and to undergo imprisonment in the county jail for a period of three months. However, they will be paroled on payment of the costs and a fine of $300.

Unusual curcumstances surrounded the case of Martha Kadosky, who had sold Jamaica ginger to make a living and for profit. Her husband is serving a term in the penitentiary for homicide, and she has six children depending upon her. She has no means of support other than doing washing or housework. The court imposed the usual sentence of $500 fine and costs and three months in jail, but she was paroled.

Secure New Running Time For Evening Train, Which Solves Problem

SCHOOLS GO ON NEW SCHEDULE

Announcement was made by Macbeth-Evans Glass company at one o'clock this afternoon, that beginning with Wednesday morning they would observe the daylight conservation plan, and notices to that effect were posted in the factory at noon today. The company has taken up the matter with the Pennsylvania Railroad of advancing the running time of passenger train 7710, due at the Charleroi s tation at 5:23, to 4:23 p. m. and they expect this change to be made within a few days, and not later than the first of the coming week. This will then make conditions satisfactory for all employes both up and down the river.

The company had originally decided to adhere to the old time, and so announced on Saturday and Monday, and even this morning no decision had been made to change the working time. At noon however, after learning of a possibility of securing a change in the running time of the 5:23 passenger train the company decided to move their clocks forward one hour, thus placing their factory on the same plane as other industries in this locality.

The company was between two fires, as they have as many employes from California as from Donora, and what suited one section would not suit the other. Hence the reluctance of the company to make any change until itcould see its way clear to satisfy all concerned. The decision of the Pennsylvania railroad has solved the problem and the new time will be observed.

The public schools on Monday morning went on the new schedule. The schools opened on the old time but at 11 o'clock, when school was dismissed, the clocks were moved forward theonehour, thus placing the schedule on the daylight saving schedule. This step was taken because of the fact that many pupils from outside districts attend the local schools, and as they are required to come one hour earlier because of the crange in the time of running the morning trains, it was deemed advisable to change the public school schedule.

McKeesport is not satisfied with the new time and it is said the town authorities will take the matter into the Allegheny county courts with a view of testing the validity of the Pittsburg ordinance, which is responsible for the various towns in this section of the State making a change in their schedules. It is pointed out that according to an Act of Assembly passed in 1887 the official time of Pennsylvania is Eastern time. McKeesport will contend that no m unicipality can enact and enforce a law which supercedes a state law.
